The Talev Fund for Student Academic Research

The Talev Fund is established to support seniors in academic research projects that focus on social networking and community issues related to Bulgaria. These may be senior theses, senior projects, or capstone projects. The amount available varies from year to year. Applicants are expected to submit a realistic budget, and the committee will decide how much to award based on the merit of the application and the available funds.

Applications are accepted through the academic year, and should be submitted to the Dean of Faculty in electronic form (rwhite@aubg.edu). Each student initiating an application must obtain a signature by the supervising faculty member prior to submission. An ad hoc committee consisting of two faculty members will be formed by the Dean to review the application, and the applicant will be advised within two weeks of the application.

The funds may be used to support the approved project, including the purchase of necessary materials, support for travel, payment for printing, etc. Students will work with their supervising faculty member on the application and use of the funds. Students are only eligible for one grant during their studies at AUBG.

All project work must be completed and a final report submitted within five days of the end of classes for the term funded.
