

Instructions for completing Application for Financial Assistance 2020/2021

General Information:

Admission to AUBG is based upon a student's academic qualifications.

AUBG offers many students scholarship support made possible through the generosity of private and corporate donors. Scholarships may be either full or partial, and are allocated according to conditions specified by the donors. Some donors wish to support academic excellence, while others wish to support students with financial need.

The University provides financial aid based either on academic merit or based on both academic merit and financial need of the student. Financial need is determined through an analysis of the Application for AUBG Financial Assistance and supporting documents submitted as part of the application packet.

Financial aid covers a portion of the tuition and it does not need to be repaid. Financial aid awards are subject to a maximum of eight semesters of enrollment and are conditional on good academic performance.

The American University in Bulgaria obeys the Law for Protection of Personal Data. The information collected is kept strictly confidential and is used solely by the Financial Aid Committee to determine a grant amount for the prospective AUBG student. Documents submitted in support of the Application for Financial Assistance become the permanent possession of AUBG and will not be returned.

The American University in Bulgaria reserves the right to examine for truth and accuracy all information supplied on or with this form. Filing an Application for Financial Assistance that includes false or misleading information will result in termination of all awards granted to you and may result in dismissal from AUBG without the right to reapply. The information in the AFA and its supporting documents is provided voluntarily.

The American University in Bulgaria is committed to a policy of non-discrimination and equal opportunity in all of its endeavors and affirms a commitment to diversity in both its employees and its student body.

Instructions:

The Application for Financial Assistance (AFA) is an inseparable part of your admission application packet if you want to apply for need-based financial aid and scholarships. The University reserves some of its financial aid to help students with demonstrated high levels of financial need, and some of the scholarship donors stipulate that their gifts be used to support students with financial need. We identify both these scholarships and the AUBG awards to address financial need as "need-based awards". In order to qualify for any need-based award,

this form must be completed in full. No need-based award will be awarded without a complete AFA and a complete set of supporting documents. If you do not submit an AFA, you will not be considered for any need-based award. If you choose not to submit the AFA when you apply, you cannot re-apply to establish eligibility for need-based awards for the first two semesters of enrollment. The University cannot support all students with need and cannot provide awards that offset completely the financial need of every student. Because the awards are based on evaluation of the confidential information provided by all applicants and their families, the University cannot provide any applicant with a detailed explanation for the financial aid decision.

The form is not complete if not accompanied by the supporting documents listed in the checklist. If you are not required to include any document or the item is not applicable, check the box under N/A (not applicable). By signing the application you are asking for your request to be considered on the basis of the documents enclosed. You may not include additional documents later.

If you are unable to complete any section of the application or send any of the required documents, please include on line 53 an explanation. Sending this form with missing or incomplete information will invalidate the application. Please contact the AUBG Financial Aid Office with any questions at financialaidoffice@aubg.edu.
